

Billionaire God of War Novel Chapter 16 To 20

Chapter 16 Spitting People!

Emma's face was still a little white.

She has never seen such a scene.

"You, why are you fighting so powerfully?"

Was that just Andrew?

Your own husband?

Emma really feels like watching a movie.

When I think about it, I am afraid that it is a movie, and it is not so powerful.

Andrew, is it really a tramp?

"The tramp wants to grab something to eat, won't fight, and has long since died."

Andrew said casually.

Emma was speechless, she knew she would ask again, and Andrew would say that this is a necessary skill for their beggars to survive.

"Okay, let's talk about work."

Emma looked at Andrew helplessly, so he stopped asking and found a few responsible persons to immediately arrange the next work.

Andrew stood at the door and narrowed his eyes slightly.

"It seems that there are always people

who don't know life or death." He didn't even take a look at some small fish and shrimps, but if he was looking for his own way and dare to move Emma, then he would not hesitate to destroy him!

Emma's meeting was really smooth.

Several people in charge originally wanted to make Emma difficult. After all, everyone knows that her status in the Matthew Family is very low.

And because he is so young, he is responsible for such a big project, which disturbs others.

But at the door, there is a killing god, who dares?

"You must strive for completion in three months, and the workshop can be put into use."

Emma said seriously, "As soon as the project starts, the assembly line will be established immediately. At that time, everyone will cooperate to fully revitalize this project!"

As soon as he entered the working state, Emma was really like a new person.

Serious, serious, rigorous and professional.

Andrew leaned against the door, watching Emma sitting there, his eyes full of tenderness.

This woman, looking serious, is really charming.

at the cynthiae time.

Lilburg, at home.

cynthia helped Logan massage his legs.

"Wife, you have worked hard."

Logan's face was full of guilt.

After so many years of disability, cynthia has never let go. He knows how wronged his wife has been, but she has always endured it.

“It’s hard work. Marry you, you have to take care of you.”

cynthia smiled and said, “Okay, you will watch TV for a while at home. I’ll go to the hospital to buy medicines. You have to finish those medicines again.”

said Then, she entered the house and looked for her wallet, only to find that she was out of money.

So, she went to Emma’s house again. The bank cards she usually used were in the drawer. When it was necessary, she asked cynthia to take the card to get the money.

Sumela opened the drawer and saw a black card, which seemed to be different from what she had in mind.

She did not pay much attention, and went out with the card, and went to the bank to withdraw money first.

After picking up the number and waiting in line for a while, cynthia heard the number and immediately went to the counter and sat down.

“Hello, take them all out.”

cynthia remembers that there are only more than a thousand pieces left in this card, and it will be nearly a thousand to buy medicines. When you have to buy vegetables later, just take them all out.

The teller saw that it was an elderly person, and did not ask to go to the ATM, and he was ready to operate after receiving the card.

But when she saw the card in her hand, her face suddenly turned pale.

“Auntie, you, you want to take them all out?”

“Yeah.” cynthia smiled, a little embarrassed.

For more than a thousand dollars, she was really afraid of telling a joke.

Who knows, the teller was even more nervous, looking at the special customized sign on the bank card, his hands were shaking, and his throat instantly dried.

“Wait a

moment !” After she finished, she quickly got up and stumbled into the general manager’s room with the card.

“Manager, something’s

wrong !” The teller was nervous . “What’s wrong!”

The general manager who was making tea raised his eyelids: “What’s wrong with the panic?”

“Look!” The

teller immediately Pass the black card over, “An aunt took this card to withdraw money and said you want to take it all out!” The

general manager looked down with his eyelids and suddenly the whole person was awake, and the tea cups were knocked over, causing him to burn directly Jumped up.

This fu*k is a customized black card!

The minimum storage limit is one billion!

Take it all out? There is so much money in their safe now!

“What’s that auntie?”

But he calmed down immediately. There weren’t many people in the world who could have this kind of card. Little Fingol City didn’t hear anyone.

“Very ordinary, dressed very simply, not like a rich man,” the teller said immediately.

She felt that her judgment was accurate. The jacket on cynthia’s body had been worn for at least five or six years. “No, won’t she pick it up?”

She didn’t dare to steal, but the expression on her face was already With a contempt.

“Hum, so courageous, dare to steal this card! Don’t kill yourself!”

The general manager immediately said, “Let the security control her and prepare to call the police!”

Such a precious card, it is impossible for ordinary people to have it, let alone an ordinary middle-aged aunt.

cynthia was waiting outside, not knowing how the teller had been there for so long and had not returned.

If you don't take more than a thousand dollars, won't the bank have it?

"Hello, please come with us."

Suddenly, two burly security guards came behind, looking bad, stopping cynthia from left to right.

"What? What are you doing?"

cynthia was startled, what the two security guards did.

"Supervisor instructions, please obey, otherwise, we will take coercive measures!" The

two security guards shouted and directly pulled cynthia up to take her to the general manager's room for control.

"Let me go! Daylight, what are you doing!"

cynthia exclaimed, and the people around were all watching, even making her feel unable to hang her face.

She hasn't done anything bad in her life. Why should she be caught?

"Honestly!"

A security guard pushed cynthia hard and pushed her to the chair, trying to show it in front of the general manager. "General manager, bring it here!"

"What the hell are you doing!"

cynthia Nu said.

"What to do?" The

general manager sneered. "Auntie, you are so brave!"

cynthia was unclear.

"Don't pretend."

There was a hint of sarcasm on the teller's face, and when she looked closely at cynthia, she saw her shabby clothes, and her wrinkled face, and she knew she had no money.

How is it possible to qualify for this card?

"Say, did you steal this bank card or pick it up!"

Suddenly, cynthia blushed.

steal?

She had never thought that she would one day be involved in the word steal.

No matter how difficult it was at home, she would not even bow her head and refused to speak with relatives. How could she steal it?

"You... you spit on blood!"

cynthia looked at the bank card. "This is my family's card!"

"Oh, aunt, the police will be coming soon, and it's useless for you to quibble!" The

teller snorted. If something goes wrong, her performance this year will be gone!

Fortunately, he reacted quickly and was almost pitted by this old woman.

"It's shameful to do such a shameful thing when I'm old!" The

teller said, and cynthia couldn't bear it anymore.

"You let me go... let me go!"

cynthia struggled, and the security guard raised his hand with a slap: "Fu*k me honestly!"

Suddenly, bright red five-finger marks were printed on cynthia's face.

She stayed completely alone.

Since childhood, she has never been humiliated like this. This slap not only hits her face, but also her self-esteem!

"You dare to beat me... I'll fight you!"

cynthia's red eyes seemed to go crazy, and he struggled and threw it.

But she would be the opponent of the security guard. She was pushed down to the ground at once, and her palms were suddenly worn away.

"Dare to make trouble!" the manager shouted, "tied me up!"

Two security guards immediately pushed cynthia onto the chair, found a rope, and tied her hands and feet directly.

But for a moment, cynthia's wrists showed blood stains!

"Let me go! Let me go!"

cynthia couldn't break free, tears kept flowing, "Why do you bully me like this!"

"Bully you?" The

teller sneered, "I was almost killed by you, you know do not know! " "

What is the origin of this card you know what? minimum storage amount of one billion! on your old woman like this, could get one hundred thousand results are good, and where there are eligible to have this card! "

teller gas Her face turned red, and she was so scared that she was so scared. cynthia even said that she would take out all the money in the card.

One billion!

Hearing that, Cynthia was shocked, one billion?

There are one billion in this card?

She moved her lips, her face unbelievable.

“I regret it now? It’s late!”

Seeing Cynthia’s scared expression, the manager can be sure that this card is not Cynthia’s, otherwise, she would be such an unbelievable expression?

Who can own such a card, which is not a high weight and expensive?

If someone finds out that their card has been stolen, this is a fatal loss of reputation for their bank!

Fortunately, they discovered the problem in time and recovered the loss.

The manager was complacent and thought to himself that after Cynthia had confessed and was caught in, he was considered a meritorious deed.

If you contact the owner of this card again, his future will be smoother!

“Now, what else do you have to say.”

He tore Cynthia’s hair and pulled it back. The disgust and disgust on his face made no secret.

If Cynthia had nothing to quibble about, he would call the police and take Cynthia away for investigation.

“I’m going to call my daughter...”

Cynthia’s voice trembled, and tears couldn’t stop flowing.

Chapter 17 This is my mother!

Emma really finished the meeting and let out a sigh of relief.

Even herself, she didn't expect it to be so smooth.

A few times ago, these people in charge were indifferent.

She glanced at Andrew, who was standing at the door, and it must be that Andrew had just scared them.

"You stare at this point, and give me any feedback in time."

Emma finished and went out.

Seeing that Andrew had been staring at herself, she couldn't help but blush, and regained the little woman's shyness.

"Why have you been watching me all the time."

"Good-looking."

Andrew said.

Really, is this uncle boasting so straightforward?

Are you hobos so slick and tongue-smooth that you can only beg for food?

"Ring Ring Ring..."

Emma's mobile phone suddenly rang.

She picked it up and saw it from Cynthia.

"Mom, what's wrong?"

As soon as she started speaking, she heard a cry of grievance from the opposite side, and she suddenly changed her complexion. "Mom! What happened? Who hit you? I'll be here soon!"

Emma's eyes were red: "My mother was beaten!"

Andrew immediately frowned. "

Get in the car!” Rumble-

BMW seemed to be angry, the engine roared, turned suddenly, and headed directly towards the bank.

Along the way, Emma couldn't help crying.

“My mother has never been wronged, she is such a strong person...”

cynthia was caught by the bank and said she was stealing. How could this be possible?

Even if her family is starved to death, she will never do such a shameful thing.

“My dad wasn't willing to scold her. Others dared to beat her.”

Andrew said nothing, but the accelerator stepped deeper and deeper.

Bank, general manager's office.

cynthia's hair was a little messy, and the five fingerprints on her face hadn't disappeared. After she finished the phone call, she didn't say a word, but she couldn't keep her tears down.

“If your family's explanation is unclear, then we can only call the police.” The

general manager said coldly.

“Bang!” As

soon as he finished speaking, the door of the office was kicked open by a kick, almost bursting!

“Who!” When the

two security guards looked at it, the coming person was so violent and immediately pulled out the electric baton.

“Slap!”

“Slap!”

Andrew was not at all polite, and slapped his hands together, and directly pumped the two security guards out.

The general manager and the teller suddenly turned pale. "Security! Security! Let all security guards come in!"

Andrew stepped forward, grabbed the general manager by the collar, his face covered with frost: "This is my mother! You dare to fight too!" The

general manager shivered. Why did he think of this aunt's son, so violent.

"Your mother stolen something, you dare to hit someone! Hurry up to the police, hurry up...Ah!" The

teller didn't finish the words, Andrew slapped again, pumping her mouth full of blood!

That fierce look scared the general manager to tremble!

"Steal something?"

Andrew glanced at the card in the hand of the general manager, not his own?

"You said this card?" The

general manager slipped and nodded.

"This is for me to buy food for her, is there any problem?"

Andrew said, let the general manager can not help but sneer: "Do you know what card is this? Buy food? Nonsense!"

This custom card, the minimum storage The amount must be hundreds of millions, and hundreds of millions of bank cards are used to buy food?

Are you really the general manager of the bank?

Andrew let go of his hand, took out his mobile phone, quickly dialed a foreign number, and soon a voice came.

"Let your president of the Bank Union answer the phone!"

Soon, the call was connected, and Andrew sneered: “Sius, the bank card you sent, it seems that I am not qualified to use it? The little one joined the bank manager, dare to question Me?”

Hearing Andrew’s words, the foreigner on the opposite side of the phone suddenly shuddered and hurriedly gestured to locate Andrew’s cell phone signal.

“Dear Andrew! Sorry! I will deal with you immediately!”

Andrew hung up the phone and walked to cynthia’s side.

“Mom, I’m sorry to make you wronged.”

cynthia said nothing.

Emma ran in, panting, seeing cynthia cried with red eyes, and suddenly felt distressed, and hurried to hug her.

“Mom, it’s okay, it’s okay!”

Outside, dozens of security guards have completely surrounded the manager’s office.

“Manager, call the police! The police catch them!” The

teller screamed as he covered his face.

But the general manager was ashamed.

He just saw the number dialed by Andrew with his own eyes, which is the VIP customer service phone number of the Global Banking Alliance...

“Rin Ring Ring!”

Soon, the office phone rang and the general manager shivered!

He glanced at Andrew, and Andrew ignored him at all.

“Hey?” The

general manager was a little nervous, and his face was pale for a moment. “President!”

“You’re fu*king blind? You dare to question the VIPs of the banking alliance? Do you want to die, don’t kill me!” I’m going to retire soon, and you’re going to get fired right now! I’m fu*king your mother!” over

there, screaming angrily, “If you don’t deal with it, I will kill you!” The

phone just hung up , The branch manager called again, and it was also a scolding scream, hoping to get out of the phone and kill himself alive!

The general manager could not hear what he was scolding at all. His entire head was blank and there was a tinnitus.

The VIP of the banking alliance?

Andrew just said, was the card personally given to him by the president of the alliance?

Gollum...

he couldn’t help swallowing his saliva and coughed suddenly.

Finished!

He knew he was finished!

“Manager... Would you like to call the police?” The teller was still encouraging him.

“Alarm?” The

general manager suddenly turned his head, suddenly slap fiercely and pumped it on the teller’s face. “Report your mother’s police! Did you treat the bank’s VIP like this!” The

teller screamed and fell again On the ground, one tooth flew out, but he dare not make another sound.

A splash!

The general manager knelt down directly: “I’m sorry! I’m sorry! It’s my fault! Everything is my fault!”

“It’s because I don’t know Wunderstuk with my eyes, it’s my dog’s eye to see people low!”

He slapped his face in the face, "I hope you forgive me, forgive me!"

Andrew still ignored it, the cold frost on his face made the general manager cold all over!

He knew that if this aunt didn't forgive himself, he might die here today!

No one dares to offend the VIPs of the banking alliance or even the cards personally sent by the president.

"Auntie, it's my fault. I apologize to you. You can

strike or scold. Please give me a chance to beg you!" It's all blood.

"Auntie, forgive me. I have old people and young people. I really can't have an accident. I will bear all the responsibilities. I beg you to spare me."

cynthia looked at the extremely miserable general manager. , He is not like this.

She was very tired and uncomfortable. She had never been so humiliated like today.

"Emma, I want to go home."

"Mom, I'll take you home."

Emma glanced at Andrew and saw him nod, holding cynthia away.

The security guard at the door immediately gave way and did not dare to stop.

Who dares to stop?

Their general manager is kneeling on the ground!

"Just now, who gave my mother a slap."

Emma went out, and Andrew started talking .

The security guard who just got up suddenly turned pale and felt that his heartbeat had stopped!

“Which hand hit it, I broke it myself, lest I do it.”

Andrew glanced at him, turned away and turned away.

As soon as he walked out of the office door, there was a clicking sound, and immediately, it was a scream of tears...

Chapter 18 Luxury cars will be high-profile!

Go home.

Emma took the ointment and carefully applied it to cynthia.

This slap must be very painful!

Her tears could not help falling.

“Silly boy, I’m okay.”

cynthia helped Emma really wipe away her tears.

If they did not arrive in time today, I am afraid they would be taken away, and by then there would be no way to say ten mouths.

“Andrew, you come in, I have something to ask you.”

cynthia walked into the house, and Andrew immediately followed.

The door closed and there were only two of them in the room.

“Sorry? Ma, it’s my fault.”

Andrew stood there, apologizing seriously.

cynthia looked up at him.

That card has a minimum amount of one billion dollar. She knows that Andrew is rich, but she didn’t expect that he would be so rich.

Andrew is not an ordinary person. What purpose does he come to his home?

“What the hell are you?”

cynthia asked again.

Her expression was very serious.

She was more worried about Emma than she was wronged.

Andrew knew that he could not hide it, and took out the piece of candy paper that had been stored for many years directly from his pocket.

“This is...”

cynthia recognized it all at once.

The Matthew Family had just started a business that year, and it was a small workshop making candy.

She had packed a lot of this candy paper by herself!

“Fifteen years ago, I lived on the street and wanted to end my life. A little girl gave me this candy. She told me that as long as I ate this candy, life would become very sweet.”

“That little girl Very kind, she saved my life more than once.”

Andrew took a deep breath. “Such a kind girl, I don’t want her to be hurt, I just want to protect her.”

Where did cynthia not understand, that The kind girl is Emma.

Andrew came to her house in order to repay her gratitude, and was only close to Emma.

He promised himself that he would never hurt Emma and would not destroy her.

With his wealth, what woman can’t get?

“Mom, I know that you don’t know me yet and don’t trust me enough, but I will work hard to let you accept me, even if I can’t be your son-in-law, I want to be your son.”

Andrew said seriously, “This mom , I’m sure.”

Just now in the bank, Andrew Thunder furiously angered her, that look is not pretend.

He really regarded himself as a mother.

Especially the sentence: "This is my mother, you dare to fight!"

cynthia still feels trembling.

No one has ever defended her like this, even Logan did not.

Thinking of this, cynthia felt a little moved.

Andrew is not malicious, this time it was indeed a misunderstanding.

"Mom, I'm really sorry this time, it's me who made you wronged." Andrew apologized again.

"I don't blame you for this. I got the wrong card myself."

cynthia shook her head. She was sober and didn't lose her temper.

If you didn't get the wrong card, you wouldn't have this problem.

www.onlinefreenovels.com

"Let's go out, I won't tell others about this."

Logan and Emma are still outside, and she doesn't want to worry them.

The two went out and Logan was angry.

"Isn't it just a bank card, are they so suspicious of people?"

Loganqi, however, saw that his wife was aggrieved, her eyes were red, both angry and self-blaming, blaming herself for being incompetent and unable to protect his wife.

Even Emma didn't understand that a bank card would produce such misunderstandings.

She knew that Andrew's Cary had money, but that's not the case.

Andrew didn't know how to explain it.

I am afraid that my own black card, the Global Banking Alliance, has only issued about one hundred cards, and there are ten cards for myself.

“Dad, Mom, I am not good this time, I apologize to you.”

Andrew said, “So, I invite everyone to dinner, it is a surprise for Mom?” When

such a thing happened, Cynthia was not in a mood to cook, At this point in time, the Wu Zang Temple was indeed a bit hungry.

“It’s too expensive to eat outside.”

Cynthia shook her head. She now knows how rich Andrew is, but she doesn’t want to spend Andrew’s money.

“It’s not expensive, as long as Mom is happy, it doesn’t cost much.”

After that, Andrew directly turned around to start the car, “Emma, push Dad out.”

Soon after, Cynthia and Logan took the seat in the seat, Emma sat in the co-pilot, and Andrew drove away from home.

At the Cynthiae time, a Porsche was slowly stopped at the door of the Huacheng community.

“Parking!”

A fat man sitting in the car, with a fat face, laughed, “Stop here.”

“Dad, this is the exit, stop this to block others.”

“Stupid you!”

Jaxon scolded, “Do you know, luxury cars will be high-profile!”

“You stop here to block them, they Although I will scold you on my mouth, I will look at your car seriously, and then I will be jealous in my heart

, okay ?” The two got out of the car, Jaxon held a briefcase, and looked back to make sure that his car was blocked After entering the exit, this entered the community.

“Go, pick up your aunt!”

Just two moments after the two left, Andrew drove to the exit. When he saw a car blocking the front, he immediately blew two horns.

The security guard heard the sound and walked over quickly, looking helpless.

“The driver has entered the community!”

Andrew wrinkled slightly: “Call him and come over to move the car.” The

security guard immediately dialed the mobile phone number left in the window of the Porsche and it was connected in a moment.

“Sir, your car is blocking someone else’s car at the exit. I’ll trouble you to come over and get off the car.” The security guard said politely, obviously knowing that driving such a luxury car, he couldn’t offend.

“What move? What happened to Lao Tzu for a while, let him wait!”

After that, Jaxon hung up the phone, feeling a little proud in his heart.

With more than one million Porsches, who dares to touch them?

Wait for you!

At the door, the security guard looked embarrassed and helpless.

“They said, let you wait.”

Andrew’s face sank, and he had to eat with his mother-in-law’s family.

Have a bad temper when driving a broken Porsche?

“What should we do, or we will go out and take a taxi?” Emma said helplessly.

It’s really helpless to meet such people.

“Otherwise forget it, I’ll go back and cook two dishes.” Cynthia also said.

“No, I’ve made a reservation for the hotel, and, mom, you rest today and don’t cook.”

After that, Andrew directly filed, and the throttle roared!

“Andrew, what are you doing?” Emma was really nervous.

“Boom!” The

brand-new BMW crashed directly on the front of the Porsche, and immediately crashed the front of the Porsche.

“Andrew! You are crazy!”

Emma couldn’t help screaming.

Own car, but a new car!

Moreover, if you hit someone’s luxury car, that would cost you money!

Andrew calmly said: “Today is the first time I invited my mother to dinner, not tolerating other people’s influence.”

He reversed his car and continued to collide. He crashed three times in a row, directly knocking Porsche away, and then went away.

The security guard standing at the door was stunned!

It’s too fu*king crazy!

A brand-new BMW, even without a license plate, just hit it like this?

It’s still Porsche!

He turned around and glanced at the front of Porsche, which was so bad that it was covered with debris.

Many people around watched, and all of them were stunned. Some people couldn’t help but took the video. Soon, the video spread on the Internet.

“Fu*k! It’s too ridiculous, the new car, is it so ridiculous?”

“The owner of the Porsche is really bad, so he deliberately stopped at the exit channel to pretend to be forced? This is good, I have a hard stubble!”

“There is a follow-up Really looking forward to what the Porsche owner will look like when he sees it, ha ha ha ha!”

On the Internet, instant boiling, accusing Porsche owners of being unethical and supporting BMW to teach him to be a man.

I don't know how many fans, the blood in the body is boiling!

Similarly, Emma's family of three sitting in the car, the cynthiae blood boiling.

“Andrew, this is a new car!”

Logan felt distressed.

It took less than a day to buy, and the front of the car didn't know what it was like. Although it wasn't his car, he was also distressed.

“Do you need a lot of money for this repair?”

cynthia asked.

Emma didn't really speak, she didn't know, she could only turn her head to look at Andrew, and she couldn't help but ask, is your guy sick again?

“It's okay, don't need to repair it, just buy another one tomorrow.”

Andrew wrote lightly.

Emma's family stopped talking.

They feel that they and Andrew are clearly people from two worlds.

Would a man who put hundreds of thousands of people in his eyes like this be a tramp?

Why would you be a son-in-law?

At that time.

At the gate of the Huacheng community, a few people were coming, led by the Porsche car advocate Rong, and beside him was his sister Annabel, who was the neighbor aunt who humiliated Cynthia.

“Sister, I can be promoted now. I entered the headquarters of Fingol Bank. The annual salary is much higher than before! No, I just bought a luxury car!”

“Luxury car?” Neighbor aunt Annabel said, “My neighbor also I bought a car that seemed to be BMW. I heard that it was nearly half a million dollar!”

“A half-million BMW?”

Jaxon sneered, disdainful, “This car is a younger brother in front of my Porsche!”

With that said, he took out the car key and prepared to unlock it, but suddenly he saw that his car at the exit was missing?

He subconsciously pressed the unlock, the lights lit in the corner, the front almost broken into a Porsche, only a light but also bright

“ah ah ah, my car how things turned out!”

Chang Yung-an old blood Swelled up and passed out directly.

Chapter 19

Food Temple Restaurant.

It is very famous in Fingol City.

There are some of the best chefs in Donghae City. If you eat here, not only are they expensive, but you have to make an appointment in advance.

Before going out, Andrew had already asked Emma to make a call.

Andrew pushed Logan out of the elevator, Emma and Cynthia followed.

For the first time in such an upscale restaurant, Cynthia was a little nervous.

“Emma, is this too expensive?”

she whispered, "we can't spend Andrew's money

arbitrarily , it's human relations, it's not good to pay back." Emma knew that Food Temple Restaurant had to eat thousands of dollars for any meal. A colleague had a meal here and went back to bragging for more than a month.

"Andrew said to invite you to dinner, I can't stop him."

She hesitated for a moment, "You can eat with confidence, and I will give him our share of the money when you go back." He

Mei was relieved to hear this.

Andrew pushed Logan to the waiter, and immediately the waiter stepped forward.

"Sorry, sir, our restaurant is already full. If you choose to dine, please wait on the side."

"Full?"

Andrew glanced around and turned around to see Emma, "Aren't you booking a seat?"

Emma stepped forward and took out his mobile phone, which also had reservation information on it: "Yes, we made a reservation. You can find the record at the front desk. It's 6 o'clock. It's only 5:46 now."

"Sorry, there are When the guests come, they will go straight ahead . The information of your reservation may not be updated in time." The

waiter said lightly, "Please wait on the sidelines, or you can come back tomorrow."

"Why, it's our reservation first. "

Emma was a little helpless, how to eat a meal, so troublesome.

This restaurant can't rely on its own good business, just come in chaos.

cynthia took a look and pulled Emma seriously: "Otherwise, shall we have another place to eat?" It's

still too expensive here. She saw the clothes of the people sitting inside to eat, and she knew the price was expensive.

“Mom, today is the first time I have invited you to dinner, we will not go anywhere, that’s it.”

No one ever dared to grab his place. When Andrew went out for dinner, those restaurant owners were not politely welcomed, now That’s good, he even made a reservation and didn’t have a seat.

“Who is your boss?” The

waiter raised his eyebrows when he heard it.

Looking for a relationship?

He sees more of these people!

He smiled coldly: “Our boss is Daniel, President Daniel of Fingol City, have you heard of it?” The

average person hears the name Daniel and knows that he can’t afford it. what.

Andrew did not speak, took out his mobile phone and dialed Daniel’s number.

At the moment, Daniel was soaking in the hot spring on the top floor, holding a delicate young model in his arms.

The phone on the side rang, a strange number, and he pulled a hand from Nen Mo and connected the phone.

“Hello?”

“

Hey , come to your restaurant to eat, is there a place?” Hearing the voice, Daniel was all excited!

He stood up directly, splashing water, scared of the tenderness of the flowers.

“Yes, yes! Is Big Brother at Food Temple Restaurant? I will come down immediately!”

Even if the hair is still wet, Daniel quickly wiped off his body, put on his clothes and drove down directly from the top floor, taking the exclusive elevator.

At that time, the service desk of Food Temple Restaurant.

The waiter looked at Andrew's eyes as if he were a fool.

Daniel?

Are you too fu*king pretending?

In the entire South Estopia, no one dared to call Daniel Daniel. He didn't want to live almost, pretending to be on the site of President Daniel.

"Boy, don't you inquire, who is this site? It's pretending to be in the wrong place!" The

waiter's face sank. "I'll give you a minute and get out immediately, otherwise, don't blame me for being rude!"

Andrew did not mind him, he wouldn't even bother with a waiter who looks down on people.

"Did you hear what I said?" The

waiter's voice cooled down, took out the intercom, and sneered: "Brother, someone is making trouble at Food Temple Restaurant! Come on!" After

hearing the words, Logan and Cynthia suddenly became anxious.

This restaurant does not seem easy!

"Emma, let's go quickly, they are not easy to mess with."

"Yeah, we go home to eat, I will cook for you!"

They have been insulted and bullied too much all these years, and now they are less courageous and afraid. Offend.

Emma really didn't move.

Because she knew that Andrew really knew Daniel and gave him buns. The two of them lived in Qiaodong together, both brothers of the Gang.

Da da da!

After a few footsteps, a dozen burly men rushed up, apparently taking the lead in the waiter's mouth.

"Who dares to make trouble here, don't want to live!"

The brother snorted coldly.

"Brother dog, that they!"

The waiter a finger Andrew, "I did not say this seat, they want to force to break in, this kid, but the boss told us small yellow!"

The dog a brother, his face a lag, Immediately cooled down instantly.

Daniel?

Fu*k ate the ambitious leopard gall, and did not dare to call Daniel Daniel, this kid is tired and crooked!

As soon as he rolled his sMaxwelves, a dozen people immediately surrounded Andrew.

"Boy, are you going to roll yourself, or are we throwing you upstairs!"

Andrew turned his head, staring at the dog brother, squinting slightly.

"Are you sure you want to be disrespectful to me?" The

dog brother stunned and laughed: "Who the hell do you think you are? Laozi killed you, just like an ant, and disrespected you?"

" Without further ado, since you don't roll, don't blame Laozi for being cruel!"

He was about to do it, the elevator door opened, Daniel rushed out, and there were water droplets on his hair.

"Stop it!"

He burst into shock, and the dog brother froze.

The waiter was stunned, the boss came!

“Stop it! You fu*king stop me!”

Daniel stepped forward and gave his brother a slap. “You are blind? I don’t know he is my elder brother! Even he dares to fight?”

After finishing, Daniel Yu Ming immediately went to Andrew and took a deep breath.

“Brother, Daniel arrived late, his men did not teach, I’m sorry!”

Dog brother stupid to live, burst into all forget the pain.

The waiter was also stunned, only feeling that his legs were shaking, almost falling down.

Just now Daniel shouted Brother Andrew, and even claimed to be Daniel!

What exactly is going on?

cynthia and Logan were equally stunned, with an incredible expression on their faces.

Brother?

When did Andrew become Daniel’s eldest brother?

“Still stunned what to do, immediately apologize to my elder brother!”

Daniel Yulang said coldly.

“I’m sorry I’m sorry!” The brother quickly nodded and apologized.

“Yes, sorry!” The waiter’s voice was shaking.

“Yellow Daniel, doing business must be like doing business. The rules have been set, and the people underneath have changed casually?”

Andrew stared at Daniel with a calm tone, but still made Daniel nervous.

“Is this what you taught, or did Afei’s kid not teach it well?”

Oliver, Daniel even beat heart!

“I’m not good! It’s because I didn’t do it well. The elder brother criticized it right. I will change it immediately. I will change it immediately!”

Daniel said to the waiter, “You can get away and violate the restaurant system!”

He turned his head again. Looking at the dog brother, the dog brother suddenly looked ashamed!

Chapter 20 Warmth

“He is doing his due diligence without penalty.”

Andrew said.

Hearing Andrew’s words, the dog brother handed over again and again and said: “Thank you brother! Thank you for your forgiveness, the puppy must work hard in the future!”

He was also worried that Andrew was angry and would throw him directly from this floor!

It seems that this big brother is still very principled.

“Brother, you have to come over to dinner, just tell me that, just what appointments are needed .” Daniel waved his hand and asked the brothers to retreat and smiled immediately.

“Let the guests leave, and today’s spending is free? Don’t let them disturb my elder brother for dinner.”

He turned to the person at the desk.

The employees in front of the service desk have been scared silly, and have never seen Daniel so polite to someone.

“Andrew,”

they were about to say, and Cynthia said, “Don’t do this. Everyone is out for dinner, it’s not good to drive people away.”

“Have I heard what my mother said?”

Andrew nodded.

“Yes, yes, what the aunt said is that I am a man with impetuous work. I hope the aunt will forgive me.”

Daniel immediately said, “Then go to my exclusive box?”

Seeing Andrew did not object, he personally led the way and led Andrew and his party entered a luxurious box.

This is exclusive to him and is never used externally.

But Andrew came, he wanted to give Andrew the best.

Looking at the box bigger than his own, Logan and Cynthia couldn't help but take a breath.

Especially the decoration here is probably expensive!

How can Andrew have such a big face?

“All the signature dishes of our Food Temple Restaurant!”

Daniel directly ordered.

“Uncle, what would you like to drink? “

Rayani Zheng, know where your wine, busy waved.” I drink water on the line. “

Which line would come to me? If I haven't been entertained enough, I can't make sense.” “

He immediately instructed to fetch the best Maotai.

Looking at Logan and Cynthia's surprised expression, Daniel knew that they must be curious about their relationship with Andrew.

“Uncle, aunt, don’t see you outside. My brother and I have known each other for a long time,”

he explained. “When we were wandering outside, I almost starved to the streets. If it weren’t for the half man’s bun, where would I have Daniel today?” “

So, please don’t be kind to me. My restaurant is the restaurant of your elder brother. When do you want to come and come at any time? My box is now reserved for you only, and it will always be free!” “

Logan and Cynthia are even more stunned.

Free?

This meal can be a few thousand more. If you say it is free, it is free?

Looking at the Maotai sent by the waiter, Logan can recognize it at a glance. This bottle of wine is very valuable!

“This...” The

couple, who didn’t know what to say at the moment, didn’t even know how to refuse.

“Dad, mom, don’t be polite with him, he is mine. Brothers.”

Andrew said Daniel was almost excited to fly!

Did you hear what Big Brother said?

He said he was his brother!

This is the supreme honor!

“Okay, please go for it.” Andrew said lightly.

“Okay, elder brother, sister-in-law, aunt and uncle, please use it slowly, if you need to order it!”

Daniel exited respectfully and took the door.

In the box, it was quiet.

Logan and Cynthia have been shocked and numb.

My own son-in-law, stimulating their hearts again and again.

“Andrew, is the friendship between your beggars so deep.”

Emma grumbled.

She is not a fool, and you can see that Daniel’s Andrew is not a brotherly friendship, but awe!

“My wife is really smart.”

Andrew would not say that Daniel has everything he has now. As long as he behaves well, he will get more in the future, and he can’t believe it!

“Dad, Mom, don’t be stunned, eat food.”

Andrew said with a smile.

But Logan and Cynthia were still unmoved.

They sat there, even restrained.

All this is too unreal and too shocking.

They saw that Andrew was not an ordinary person, but it was not ordinary and far exceeded their imagination.

After a moment of silence, Cynthia looked at Andrew and asked.

“You are rich?”

Andrew nodded.

“Compared with this boss Daniel?”

“He is not qualified to compare with me.” Andrew did not hide.

cynthia stopped talking.

“Are you fighting really well?”

Emma’s turn began.

“It will take the effort of the three-legged cat.”

“Compared with the leader of the Matthew’s Security Department?”

Emma really knows that the guy is a veteran, and there is no problem with one enemy and five.

Andrew didn’t answer this time, but just gave a soft smile and listened, somewhat disdainful.

Emma really understood.

“Can my leg really be cured?”

Finally, it was Logan’s question.

He is most concerned about this issue.

“Yes, I promise!”

Andrew solemnly said.

Those who know him will know that the weight of these three words is worth the price!

After hearing the words, Logan took a deep breath, his eyes were red, and he gave Andrew a serious look. He immediately picked up the wine on the table, poured it into his glass, and poured Andrew again.

Andrew quickly took over himself.

“I don’t know what to say, but this glass, I respect you. Whether it can be cured, you say this, I am very grateful!”

Logan, who has rarely been drinking, raised his hands in his hands and bored directly.

cynthia didn't stop, she knew how much her husband wanted to stand up.

Andrew took the cynthiae gulp and poured another glass for Logan and cynthia.

"That cup, I have to respect my father and mother."

Andrew said seriously. "If you don't teach you such a good girl, it wouldn't be my day."

After he finished, he drank in one bite!

Logan and cynthia glanced at each other, and said nothing, dried the wine.

After two glasses of wine went down, the atmosphere gradually relaxed, and Logan's words increased, and he also enjoyed himself.

cynthia shouted with Emma twice, but decided not to persuade him. It was rare that Logan could put down the depression and let him relax.

The two of you are really happy talking.

cynthia and Emma sat together, watching Andrew and Logan drinking and talking, and suddenly felt that this kind of picture was very warm, but Andrew, not their real son-in-law.

Before, they felt that Andrew was not worthy of Emma, so he was angry and sad.

But now, with just a little information about Andrew, they know that their family is not worthy of Andrew.

"Andrew, I know you are rich, but I hope you won't spend money for us in the future."

cynthia smiled and smiled, "This is all human relations, our family, can't afford it." In

her tone, no To blame and ridicule is just helpless.

Their family is not someone who sees money.

Andrew looked up at cynthia, knew what she meant, and knew that it would not be easy for their family to accept themselves so quickly.

He smiled and said: "I was an orphan since I was a child. I haven't had a home or eaten home cooking. Now I have one, so I am very happy. As long as my parents don't drive me out, I will listen to everything you say.

"Are you an orphan?" Cynthia shuddered suddenly.

"He is an orphan, otherwise he won't wander." Emma really said.

Cynthia suddenly couldn't help feeling distressed.

No wonder Andrew likes to eat home-cooked food, so how much hardship and suffering did he have to be so rich today?

When I was young, I didn't have parents around me, so I had to carry everything myself. Just thinking about it made people feel bad.

"Even if you are not my son-in-law, you are a kind child."

Cynthia's eyes were slightly red.

"Don't dislike my family, just stay in my house for a while, and you will have a place to go in the future, and then leave!"

"Drink!"

Logan raised his glass.

Andrew followed his toast, and he could feel that the family's attitude towards himself had changed somewhat.

He knows that Emma's family is not a person who sees money, but on the contrary, they are particularly kind, simple, and particularly worthy of protection.

It's just one thing, Cynthia was wrong, Andrew, never planned to leave, this is his home!
